

FIRST INFORMATION REPORT ? DEMO DOCUMENT (SYNTHETIC DATA, NOT A REAL CASE)

Station: Andheri MIDC Police Station

FIR No: 142/2024

Registered: 12 April 2024

Complainant: Demo Informant

--- Structured facts (this is the block NyayaOS extracts) ---

Charge: IPC 302

Weapon: kitchen knife

Location: Mumbai

Arrest date: 14 April 2024

--- Narrative ---

The informant states that on the night of 12 April 2024 an altercation took place outside a residential building in the Andheri MIDC area. The accused was taken into custody two days later and the recovery of the article used in the assault was recorded in the spot panchnama. The medicolegal examination and the release application are dealt with in a separate report filed later.

HOW TO USE THIS FILE

1. Sign in as court@nyayaos.dev and open (or create) a case.
2. In section 3 set "Force fallback" to Yes (rule-based) and upload this file (the .txt or the .pdf ? both carry the same text layer).
3. Expected: the Justice Twin goes from 0 facts to FOUR RESOLVED parts ? charge, weapon_type, incident_location, arrest_date ? and "Last ingest" reports "Justice Twin updated ? 4 part(s) accepted."
4. Then upload nyayaos-demo-forensic-supplement.txt to the SAME case. It adds the two facts this FIR deliberately leaves out, so the twin grows from 4 parts to 6.
